

Website, Brand Theme & Itinerary Document

A COMPLETE DIGITAL PRESENCE FOR CHARRISH TRAVELS

OVERVIEW

This is where Charrish Travels' digital presence begins. Over three phases, we'll design a logo and brand theme, build a fully responsive website, and put together a digital itinerary document — so every touchpoint a traveller sees, from a Google search to a WhatsApp share, reads as one studio-quality brand from day one.

01 — BRAND THEME

- Logo Design
- Primary & secondary colour palette (extended from the new logo)
- Heading & body typeface pairing
- Photography & iconography direction for destinations
- Section motifs (dividers, markers) drawn from the new mark's line-art
- Button, link & form styling rules
- One-page style reference for future use
- Applied consistently across web and the itinerary document

02 — WEBSITE

Pages

- Home
- Destinations / Packages listing
- Package detail page
- About Us
- Gallery
- Testimonials & Reviews
- Contact
- FAQ

Functionality

- Customer review & rating submission form
- New reviews held for approval before publishing
- Every contact channel listed — phone, email, social, location
- Responsive across mobile, tablet & desktop
- Basic on-page SEO (titles, meta, sitemap)

03 — ITINERARY DOCUMENT

- Layout built to the brand theme above
- Featured destinations & services spread
- Contact details
- Digital PDF, optimised for WhatsApp/email sharing

TOOLS & TECHNOLOGIES

- Design — Figma
- Frontend — Astro
- Hosting — Netlify / Vercel
- Review & form handling — lightweight serverless backend
- Itinerary Document — Figma, exported to PDF
